Senate-House Group Okays 'Local Option' Length Of Extension Still In Doubt

Washington, March 25—(AP)—Senate-House conferees on legislation tonight agreed to let cities, towns and villages junk rent controls when the governor approved.

The conference committee, however, reached no agreement on whether to extend federal rent controls a flat 15 months as provided in the House bill, or continue them 12 to 15 months as provided in the Senate bill.

They came to no agreement either on whether to adopt the Senate's provision for rent increases up to 10 per cent, or the section of the House measure requiring that rents be fixed at a level to assure landlords a "reasonable return on the reasonable value" of their property.

Earlier, Senator Maybank (D-SC) head of the Senate conferees, had announced that an agreement had been reached to give the federal housing expediter a free hand in restoring rent controls in any area in decontrol after March 31, 50 per cent on recommendation of the local rent advisory board, he could not do so in any area where controls had been dropped before that date.

The present rent control law expires next Thursday, March 31. The House and Senate have passed separate extension bills varying in many particulars. Now representatives from both chambers are trying to thresh out the differences.

Maybank said the conferees will meet again tomorrow morning in an effort to complete the compromise job.

Accept Senate Version
In agreeing on a "home rule" decontrol provision, the House accepted the Senate version with some modifications.

The provision agreed upon says the housing expediter shall terminate controls in any incorporated city, town or village upon receipt of a resolution of the community's governing body.

The resolution calling for decontrol would have to be based upon a finding by the governing body after a public hearing. Notice of the hearings would have to be given 10 days in advance.

Any such local decontrol resolution would have to certify that on the basis of the hearings, there no longer was any need for controls in the community.

Indiana Governor Pledges His Help In Anti-Vice Drive

Indianapolis, March 25—(AP)—Gov. Henry F. Schricker today pledged state cooperation with efforts of Gary, Ind., women to stamp out vice in their steel city in northwest Indiana.

After a two-hour conference with a delegation of 15 women from Gary, the governor directed State Police Superintendent Arthur M. Thurston to confer with Gary Mayor Eugene Swartz.

Mrs. Russell P. Griffith, spokeswoman for the delegation, said they would meet next Monday with Mayor Swartz and then report to the full membership of the Women's Citizens' committee.

Action by the women followed the slaying last March 3 of Miss Mary Cheever, Gary school teacher, in an alley behind her home as she returned from a parent-teacher association meeting. Police blamed a purse snatcher.

Stolen Car Central Object In Slaying Of Wisconsin Girl

Milwaukee, March 25—(AP)—A stolen car became the central object today in the investigation of the slaying of Patricia Birmingham.

Police said the automobile, owned by a Milwaukeean, was stolen Feb. 11—about 24 hours after the 16-year-old West Allis high school girl was slain last. When it was recovered 150 miles north of the city it contained pieces of a torn shirt stained with what appeared to be blood.

Missing from the tool compartment were two rolls of store pipe wire.

Detective Captain Adolph Krenmer said police were studying the shirt scrap recovered with the car.

Krenmer said he was "fairly sure" he knew who owned the shirt with which the girl's ankles were tied. The collar had been turned inside out.

He added that the collar had been examined by a woman who said it was similar to the type or work she did and she believed she knew the owner.

Rankin Introduces New Pension Bill For Vets

Washington, March 25—(AP)—Lacked once but still confident, Rep. Rankin (D-Miss) bounced back today with a new veterans pension bill to replace the one killed by the House 24 hours before.

He said it would provide \$12 a month for World War I servicemen at age 65 so long as their incomes do not exceed \$2,000, if single, or \$3,000 if married or with dependents.

Only yesterday the House decided by the margin of one vote to reject Rankin's mutilated proposal which originally called for \$90-a-month pensions to veterans of both World Wars when they reach 65.

Rankin had declared then: "That kills this legislation for this Congress."

But overnight he changed his mind. He told his colleagues he was introducing the new bill "at the request of one of the great veterans organizations."

Rankin did not identify that group, but his original bill gave the endorsement of the American Legion.

After their three-day battle over the old pension bill, House members were not very talkative about the revival effort.

Rep. Olin E. Teague (D-Tex.), who played the key role yesterday in killing off the first Rankin measure, told a reporter that the proposed \$72 monthly pensions already are available to World War I veterans if they have a 10 per cent disability.

Under current law, he said, a man who served in 1917-18 can get \$60 monthly at age 65. If he is in need and has a 50 per cent disability, or the same amount at age 60 if the disability is 50 per cent.

Teague, a highly decorated combat veteran of the last war, said these payments total \$133,400 World War I veterans cost the government \$101,000,000 last year. And that the number of eligibles is expected to increase 30 per cent this year.

**Editor Of London
Paper Jailed For
Contempt Of Court**

London, March 25—(AP)—The editor of the London Daily Mirror was sent to prison for three months and the newspaper was fined \$40,000 today for contempt of court in a story about a murder case.

The sentences were handed out by Lord Chief Justice Goddard after a hearing on a writ against the Mirror and Editor Silvester Bolan by attorneys for John George Haigh, defendant in the murder case.

The writ charged the Mirror had prejudiced Haigh's defense.

Referring to the story, carried in three editions of the Mirror the morning of March 4, Lord Goddard said:

"Anybody who has the misfortune, as this court has had, to read these articles must be left wondering how it can be possible for that man to obtain a fair trial after that which has been published in this paper."

**Man Says He's Out
Of Army, But They
Won't Let Him Go**

Chicago, March 25—(AP)—A federal judge declined to intervene today on behalf of Virgil A. Gustafson who says he's been discharged three times by the army and still can't get out.

Judge Walter J. Labuy denied a petition for a writ of habeas corpus, holding Gustafson is subject to court martial by the army.

Gustafson, 23, of 4518 W. Fifth Street, Rockford, Ill., told the court he was arrested in his Rockford home July 27, 1948 and that the army had not placed charges against him up to filing of the habeas corpus petition in January.

Major Herbert Meeting, assistant judge advocate at Ft. Sheridan where Gustafson is a prisoner, assured Judge Labuy that the court martial would not promptly to determine whether Gustafson is still legally in the army.

The judge told Gustafson's attorney, Thomas Simmons of Rockford, that if the military court does not act within a week or 10 days new habeas corpus proceedings may be started.

CIT ADMISSION FEES
New York, March 25—(AP)—Admission price reductions ranging from 10 to 35 cents have been made by six first-run Broadway movie houses to help bolster sagging morning and matinee attendance.

Slighter lowering of night price scales also has gone into effect.

The first practical attempt at electrical bookery was made in England during 1890.

**Vandenberg Opposes
Cutting ERP Aid Fund**

Washington, March 25—(AP)—A contention by Senator Vandenberg (R-Ind.) that Marshall plan funds can be slashed deeply because Europe already has made a big economic comeback was quickly challenged today by Senator Vandenberg (R-Mich.).

Administration hopes of getting a final vote on the proposed \$5,580,000,000 foreign-aid program tonight disappeared as the debate wore on.

Finally the Senate recessed until noon Monday. The vote is expected then after future debate.

Capehart told the Senate that Europe has achieved pre-war production levels even though less than 50 per cent of the U. S. aid already authorized has actually been sent.

Vandenberg said that production, or industrial levels, should not be used as the only yardstick for measuring Europe's post-war recovery.

Before the war, he said, there

Bedell Smith Resigns As U.S. Ambassador To Russia

Washington, March 25—(AP)—Two officials who have played prominent roles in the cold war with Russia stepped down today from key positions in the Truman administration.

Ambassador Walter Bedell Smith, 53, resigned as U.S. envoy to Moscow, a post he has held since March 1946. He is returning to army service at his regular rank of lieutenant general.

Fleet Admiral William D. Leahy, 73, chief of staff to the late President Roosevelt and to President Truman, was detached from that White House assignment. He will devote his time to writing his memoirs.

Their departure, however, does not mean any change in U.S. policy, officials emphasized.

President Truman announced Leahy's move at a White House ceremony during which he presented the Navy's "Grand Old Man" with a gold star in lieu of a third distinguished service medal.

General Smith is due to be named commander of the first army, with headquarters at Governor's Island, New York. His successor in the Moscow post has not yet been selected. Diplomats are speculating that the State department will recommend that Mr. Truman choose a professional diplomat for the job.

Admiral Leahy has not been very active in recent months but in the past he was regarded as highly influential in advising the president on foreign policy as well as on armed forces problems.

The White House announced the Smith resignation and Leahy's detachment from active duty several hours apart.

Ambassador Smith called on the President shortly before noon. He had been trying to resign for more than a year. Today, as on former occasions, Mr. Truman requested him not to do so, said Charles G. Ross, White House press secretary.

The final decision, however, was Smith's.

Ross said the President finally accepted the general's resignation "with great reluctance." Afterward Smith told reporters that "two years is the normal tour of duty in Moscow."

**One Killed, Many
Hurt As Tornado
Hits Texas Cities**

Desdemona, Tex., March 25—(AP)—At least 18 persons were injured in a tornado at Desdemona, Tex., today as high winds lashed a number of Texas cities.

A painter was blown off a roof to his death at El Paso.

Tornado winds caused heavy damage at Dallas, Seymour, and Benjamin. One man was injured slightly at Dallas, one other person was hurt at El Paso, where no major damage was reported.

Hail, windstorms, and rainstorms swept many other areas.

Albert Allen Avery, 36, died at El Paso. Winds, which reached 65 miles an hour, blew him off the roof of a school while he was working. He fell 75 feet to the ground.

El Paso was hit by one of its worst sandstorms. Mrs. E. F. Higgins suffered a fractured arm and other injuries when wind blew open an El Paso church door and knocked her down a flight of steps.

Trees were knocked down and power lines were downed in two sections of El Paso.

**Dance Band Agent
Plays Hero's Role
To Runaway Horse**

Deventport, Iowa, March 25—(AP)—The advance agent for a dance band—seen earlier at that—played the hero's role in a wild west runaway thriller.

In movie script style—except for a heroine and a horse for the hero—the action took place at a highway junction west of here yesterday.

At Cimminell, advance agent for Horace Heidt's band, played the leading part.

The New Yorker was waiting at the highway junction to greet the Heidt organization. He was attracted to a runaway horse pulling a wagon with two children.

At leaped into his trusty automobile and ordered the driver to pursue the wagon. He was unsuccessful in stopping the horse in a mile and half of chasing. At then climbed onto the hood of the automobile and leaped from the speeding vehicle to the wagon. He seized the reins and stopped the horse.

The two children, Rudy Clausen, 6, and his brother, John, 3, were frightened, but uninjured. They had been in a field with an older brother and unknown to him climbed into the wagon.

**Gun-Girl Admits
Story Of Crime
Spree Is False**

St. Louis, March 25—(AP)—Mrs. Carol Jean White, 18-year-old gun-girl, admitted today that her story of a crime spree with a man companion was false.

Arrested on a down-town street here last night, the girl told officers of shooting and wounding a taxi driver near Woodbury, Tenn. March 3 and said that was followed by a series of holdups in Tennessee, Michigan and Ohio.

Officers detected some discrepancies in her story and upon further questioning she denied the holdups but stuck to the shooting episode, saying she shot the driver, George Patrick, when he "made improper advances."

She signed a waiver to return willingly to Tennessee. She is charged there with highway robbery and assault with intent to murder.

**Motorship Blows
Up; 100 Killed**

Canton, March 25—(AP)—The motorship Miss Orient exploded today, after striking a mine, killing an estimated 100 persons.

The ship was on route from here to the British Crown colony of Hong Kong. The explosion occurred six miles east of Canton.

A dispatch from Hong Kong said there were 500 passengers aboard. Pirates were blamed for laying the mine after the ship's owner refused to pay extortion money to them.

Sally Gets 10-30 Year Sentence For Treason

New York, March 25—(AP)—A magazine editor went before a "World Peace" conference tonight to tell the group that Americans "do not want peace at any price."

He was Norman Cousins, editor of the Saturday Review of Literature.

Cousins' sharp criticism of the conference was leveled only a short time after it was opened by William O. Stapledon, an English philosopher.

Stapledon warned America not to count on the all-out support of the British people in any war against Russia.

About 2,000 persons were on hand for the conference opening at the Waldorf-Astoria hotel.

Almost as many more picketed outside on Park Avenue in the rain to protest the conference.

The mood of the massed protestors appeared to be growing darker. One fist fight was reported by police.

The meeting, the cultural and scientific conference for World Peace, opened tonight. But pickets chanted and prayed outside the hotel for hours earlier in the day.

Cousins turned down one invitation to address the gathering. Then he changed his mind and was granted a second invitation.

He said he reconsidered after understanding the nature of the conference.

**Orders Election
To Settle Dispute
At Marissa Mine**

Washington, March 25—(AP)—The National Labor Relations Board today ordered an election to settle a violence-marked dispute at the Green Diamond Coal Mine, Marissa, Ill.

The secret ballot, to be taken by April 28, is intended to decide whether the United Mine Workers or the Progressive Mine Workers, both independent unions, shall be the bargaining agent for the 80 miners. They are employed by Mid-continent coal corporation.

The company said about 100 men invaded plant property March 14 and slugged two workers while progressives picketed the mine. State and county police patrolled the area to prevent further strife.

Both mine unions claim to represent the workers. The progressives claim they have a contract with the company. The NLRB, however, decided that the contract can be broken on 30 days notice and that it therefore does not bar an election. The UMW, ineligible by law, is barred from the ballot.

Marissa is a St. Clair county community of 1,657 near Belleville, Ill.

**Ketcham Caught
Again And Jailed**

Chicago, March 25—(AP)—The cops who have been catching Robert Ketcham caught him again today.

They have been catching Ketcham since 1934 on minor charges. But this week they caught him twice.

They said they caught him Tuesday trying to steal a suit from a department store.

Today he was caught by a petty larceny charge in police court. But Ketcham caught sight of an open window and escaped.

The catch-weary cops, however, caught him again. And they told Judge Mason S. Sullivan all about catching him so many times.

The judge put another catch in Ketcham's story: one year in jail.

**Say Eisler Switched
Reds To Violent Policy**

New York, March 25—(AP)—Gerhard Eisler as a representative of international communism influenced the swing of U.S. communists to a "violent revolution" policy in 1946, a federal court jury was told today.

Louis F. Budenz, first government witness at the conspiracy trial of 11 American communist leaders, identified the German-born Eisler as the agent of the communist international in this country.

Himself a former high official in the American party, Budenz completed his third day on the stand with a detailed account of a party split in 1945.

This split, he said, eventually resulted in the ouster of Earl Browder as a party leader because he favored a soft policy of peaceful solution of post-war problems instead of the militant program eventually adopted.

Budenz, who renounced the party in October, 1945, and became an economics teacher at Fordham University, said Eisler was known as Hans Burger in his role as the Communist representative in the United States.

Also Fined \$10,000; Will Appeal Trial

Washington, March 25—(AP)—A federal judge today sentenced Mildred E. (Axis Sally) Gillars to serve 10 to 30 years in prison for broadcasting Nazi propaganda during World War II.

She also was fined \$10,000.

The Maine-born woman, now 48, is the 18th American tried for treason in the last war and the sixth found guilty of the only crime mentioned in the United States constitution—betrayal of her country.

Displays No Emotion
White but unflinching, Miss Gillars took the sentence dry-eyed with no display of the emotional outbursts that marked her seven-week trial.

When Judge Edward M. Curran finished the brief words of judgment, she threw back her head and walked with swift, short steps from the courtroom.

Later, her half sister, Mrs. Edna Mae Herrick, of Cincinnati, Ohio, told newsmen:

"I don't think Ethel Barrymore could have received the verdict any better."

Defense counsel James J. Laughlin filed a formal notice of appeal immediately after the sentence, contending she had not had a fair trial.

The maximum sentence for Miss Gillars' offense would have been death in the electric chair; the minimum, five years imprisonment.

As it is, the 10-to-30 year term means that if she behaves, she will be eligible for parole after serving 10 years.

Will Lose Citizenship
If her appeal is denied and her conviction stands, she will lose the rights of American citizenship. They could only be restored by a presidential pardon.

Before passing sentence, Judge Curran rejected defense motions for a new trial on the ground that the judge gave "inflammatory" instructions to the jury and "wanted her convicted."

Then, turning to Miss Gillars, Judge Curran said the trial evidence showed that she did not take part in high-level Nazi propaganda policy conferences as happened in the cases of two other American traitors, Robert Henry Best and Douglas Chandler.

Best and Chandler, convicted in Boston trials in 1947 and 1948, were both sentenced to life for treason. The evidence indicated they wrote their own material for Nazi broadcasts, while Miss Gillars spoke lines from scripts prepared by others.

In finding Miss Gillars guilty, the jury threw out seven of the eight counts in the government's indictment and convicted on the single count of engaging in a broadcast entitled "Vision of Invasion."

**Arrest One Of
Nation's 10 Most
Wanted Criminals**

Phoenix, Ariz., March 25—(AP)—Federal agents and police swarmed aboard an airliner as it came to a stop here today and captured one of the nation's ten most wanted criminals.

Shortly after he was taken, Lloyd E. Sampwell Sr., 48, admitted robbing a Los Angeles bank yesterday. He also has been charged with a slaying during a San Diego finance company holdup last year.

The scholarly looking Sampwell was jailed without bond after arguments before U. S. Commissioner C. B. Wilson.

Agents of the Federal Bureau of Investigation and police had made capture preparations following a tip from Los Angeles that Sampwell was aboard a plane bound for Kansas City.

W. A. Murphy, special agent in charge of the Phoenix office of the FBI, said a .44 caliber loaded revolver was found in the man's suitcase. A packet containing approximately \$7,800 was in his seat.

After questioning, Sampwell admitted staging the daring daytime robbery of the Seventh and Hoover street branch of the Bank of America in Los Angeles. Murphy said the man apparently operated alone. The bank reported a loss of \$5,705 to a gunman who operated so rapidly most of the customers in the bank were unaware of the holdup.

GIFTS THAT COME FROM THE HEART

Memorial gifts have given great impetus to the Passavant hospital area campaign. Several families have pledged large sums of money to construct various sections of the hospital as memorials to relatives. The family names will be perpetuated in an institution dedicated to the service of humanity.

The W. E. Sullivan family will provide the solarium; the Henry W. Beischmidt family will donate the chapel; Mr. and Mrs. Clinton Corrington will donate the hospital lobby. These are but few of the thousands of donations which will make the construction of the new hospital possible. We mention them as noble manifestations of generosity and affection.

These families which are helping so materially to build the hospital hold in deepest affection the memories of their own members who have passed on. Attractive tablets and plaques in the building will be dedicated to those loved ones. But the families who make these imposing gifts possible also demonstrate their affection for their community and its people. Their gifts reflect their desire and willingness to build up a greater Jacksonville area, to provide the present generations with medical facilities more complete than their ancestors had. Gifts such as the Sullivans, Beischmidts and Corringtons have contributed represent faith in the future of the community. The Jacksonville area should be intensely grateful for their philanthropies. People of their kind are the pillars of any community which strives to become better. Their liberality and vision should be an inspiration to all the thousands of citizens of Morgan and adjacent counties who are working diligently toward the goal of a new Passavant Memorial Area hospital.

Set Pace Among Teams In Hospital Campaign

Division D, with Hugh Gibson as leader, reported a total of \$14,902 in pledges Friday to lead all the divisions in the Passavant Memorial Area hospital campaign. The division's latest report was submitted at a meeting of city workers at the Dunlap hotel. Mr. Gibson is pictured with his team captains. Left to right: Attorney W. L. Pav, Clarendon Smith, Attorney Wadsworth Applebee, Hugh Gibson, Attorney John E. Wright, Robert Perkins and Dr. James Bunch.

TRACTOR YANKS UP HITCH RACK

Waverly—Last vestiges of horse and buggy days disappeared from the Waverly public square this week when the remaining hitch racks were removed.

Not many yards of heavy iron chain remained to be taken down. A number of years ago most of the "rack" around the square gave way to the march of progress, but several posts were left standing on the east side for the convenience of wagon and buggy drivers.

less of the day. Drivers in those days hunted a good hitching spot like drivers of today search for a vacant parking meter.

American Legion Sponsors Annual Essay Contest

The Illinois American Legion for the 11th consecutive year will sponsor a statewide essay contest for high school and elementary school students. William G. Burns, state commander, announced Friday.

Two classes will be entered in the contest—grammar school pupils of the sixth, seventh and eighth grades and all high school students under 19 years of age on July 1 this year. The competition, an Americanism activity of the Illinois Legion, will be under the supervision of Elliodore M. Liffonati, state Legion Americanism chairman. Last year, more than 150,000 entries were received. Subject matter for elementary school pupils is "A Great American" a biographical sketch of not more than 200 words. High school students are limited to one thousand words or less on

some phase of the state constitution. State winners in each of the sixth, seventh and eighth grades and the high school class will receive a gold medal and an escorted tour of Springfield and New Salem, where Lincoln spent part of his early years. Second and third placers in the four classes will get silver medals. Deadline for entries is April 29. Students can enter through their respective schools.

Linings are secured to brake shoes by a special "Perma-Bond" process developed by Chevrolet and General Motors' Research Laboratories and thoroughly tested and proved by millions of units under all kinds of driving conditions. There are no rivets to limit lining wear or to score the brake drums. As a result, almost the entire lining thickness is usable and lining life is practically doubled. Chevrolet is the first full-sized car in America to bring you this important braking advancement!

Passavant Campaign Reaches \$362,318 As Teams Report Friday

Funds for erection of the new Passavant Memorial Area Hospital continued to grow Friday, when teams of Jacksonville workers turned in new reports on the progress of the campaign. The fund has now risen to \$362,318.

On Wednesday evening of next week all teams in the campaign, including city, county and area workers, will gather at MacMurray College dining hall for a general report meeting.

H. Lee Caldwell, president of the Rotary club, which shared its weekly meeting period with the campaign organization, spoke briefly to the workers.

In part he said: "We have had a fine campaign up to this moment. Our organization has done its work in a splendid spirit, and there have been some encouraging results. We are now in a position, if we can all do just a little more, to win the campaign. But it is decidedly important that we convalesce every potential prospect, and get that additional subscription in."

"Also, it is just as important that every citizen who has not contributed shall do so on as liberal a scale as possible in order to close the campaign properly and with all interested citizens registered as supporters."

Report Air Force Plane Crash Lands In Arctic Blizzard

Edmonton, Alta., March 25 — (P) — A twin-engine U.S. Air Force C-62 was reported today to have crashed landed in the Arctic during a blinding snowstorm. Official sources differed as to the number of men aboard. Some said there were seven in the crew.

Rescue planes were dispatched at once. The missing aircraft was said to have established a radio contact with a small Royal Canadian Air Force base in the Northwest territories.

An RCAF spokesman here, reporting seven men aboard, said they apparently were uninjured. Presumably the lost plane was engaged in supplying isolated weather stations in the Far North. Planes of this type, referred to as packets or flying boxcars, are used to carry parachute troops and freight.

Information received by the RCAF conflicted to some extent with that available at Westover Air Force base in Massachusetts.

JHS Announces Theme For May Festival

Employment On Farms Offered By Job Office

Farmers seeking year-round workers or farm help of any kind were urged Friday by L. N. Caldwell, manager of the Jacksonville office of the Illinois State Employment Service, to place their orders immediately.

"It has been found," Caldwell revealed, "that some of the workers who have been laid off from plants and factories have an agricultural background or have had previous farm work experience. With today's high cost of living and the comparatively favorable advantages of working on the farm—housing, good wages, and full or partial subsistence many workers may be interested or encouraged to return to farm work."

In addition to the regular weekly work days, every Saturday morning during March and April both farmers and workers seeking agricultural work are invited to visit and make use of the local employment office, 211 East Morgan street, to talk over job openings. Lyndal Symons, farm placement interviewer, will be on hand to meet employers and workers.

Chapin Legion Buys Building For New Home

Chapin — The Chapin American Legion has found a new home. The local post has purchased the main store building on Chapin's main street, from Mrs. Elizabeth Elder.

Also included in the buy was the Velda Beauty shop structure, a large metal building, and a vacant lot.

The post will begin remodeling work in the very near future. They plan to revamp the structure, and make a community building of the entire purchase, besides leaving plenty of room for a new Legion home.

The veterans plan to erect a stage on the vacant lot, which will serve as a badly-needed public gathering place for Chapin citizens this summer.

The American Legion is urging public assistance in their new project. Members of the post will work on the building in their free time, donating their services.

The committee in charge of organizing the new home include William Fisher, Odell Woodward, Oren Hynes, Frank Willard, Fred Harris, Edna Woodward and Ruth Callaway.

Optimists Observe Ladies' Night At Special Program

Ladies' night was observed by the Jacksonville Optimist club Friday evening with a dinner meeting at the Dunlap hotel, at which the program was provided by Springfield talent. Ten couples representing the Springfield club were in attendance, together with a large number of members of the local club and their guests.

Bill Nelms, pianist and music instructor, doubled in the role of speaker and musician. He delivered a talk on music appreciation, illustrating his points with popular and classical numbers.

Nelms, who has played with dance bands as well as going in for music on the more serious side, declared that only one person in 10,000 is sufficiently talented to aspire to concert fame, but believes that fact should not keep the others from playing and enjoying music.

He refuted the theory that children should not be permitted to play popular music, or to cultivate an ear for the "lighter stuff."

"Let them cut the rug with popular tunes if it interests them," he said, "and maybe they will take a liking to music with more depth and background."

Nelms said good music is any which stands the test of time. He referred to "Beethoven's Moonlight Sonata, Chopin's Etude or the St. Louis Blues."

Attorney Harold Olsen delivered a five minute talk on the Optimist creed, and told of work among underprivileged boys in Springfield.

Local President Opens Meet — The meeting was opened by Judge Paul Fenstermaker, president of the Jacksonville club, who introduced John McDonald, president of the Springfield club, James D. Sheehan served as chairman of the program.

At the conclusion of the program the Springfield delegation presented the local club with a purse as the foundation of a special boys' work fund.

Births — Word has been received from Dallas, Texas, of the birth of a son to Mr. and Mrs. W. E. Beuson, of that city.

The baby has been named William Dixon. First sons in the Beuson family are traditionally named William, and this newest addition is the eighth generation to carry the name. The infant weighs 8 1/2 pounds.
